Kapitel 11: Love

Kaiba Seto was in a bad mood. His employees already knew it since he entered the building this morning. He seemed like the cold man he was two years ago. They all knew that the blond boy, who was his boyfriend by now, was the reason for Seto's change since back then. He was less grumpy and even agreeing and friendly with his employees. What they didn't know was that the same blond boy was the reason for his mood now as well.

Seto sat at his desk and went through some contracts he needed to sign, when his secretary entered his office. He didn't look up until she placed a coffee and a sandwich beside him. Even if he was in a bad mood, he knew better than to yell at her, she was a good secretary and cared more about him than any of the previous ones.

"Thank you."

"Hope this will raise your mood a little."

"I doubt that, but still thanks."

"Whatever it was, you two will solve it, you love each other way too much to break up."

And then she left him alone again.

But before his dark thoughts could take over once more, he concentrated on the contracts again and on the side, he finished both, the coffee and the sandwich. Later in the afternoon he had a meeting with some of his heads of departments about the contracts and then he could leave, the other work could wait until tomorrow. Only when he sat in his limo on the way home his thoughts came back to the fight they had yesterday.

"The two of you are the cutest couple ever!"

"Thank you! Please excuse us."

After the women were out of their hearing range, Katsuya sighed.

"I thought they'd never leave, geez..."

"They're bored housewives and we're the only sensation they got to see today, so forgive them."

"But they're really boring, only talking about the same things over and over again."

"Well, glad we see them only once a year."

"Oh yeah... By the way, Yugi and Anzu invited us over on New Year's, they want to go to the temple together."

"So we're alone on Christmas?"

"Yeah, ma and Shizuka are at ma's parents and dad is on a date with his girlfriend and then they visit her parents, too."

"And Mokuba is invited to a party at a friend's on Christmas Eve, so we can have our date."

Seto put an arm around the blond's waist and pulled him closer to kiss his forehead. Katsuya giggled and then turned to his boyfriend to give him a real kiss. Somewhere in the back of his mind he heard some females squeal, but ignored them and kissed Seto with even more passion. When they separated, he saw a little blush on Seto's cheeks and smiled, it was rare for the other to show feelings in front of so many people. Then he felt the brunet take his hand and pull him with him.

"We're leaving?"

"You bet."

Katsuya's smile grew, his boyfriend was so easy to read. Every time he kissed the other, Seto just couldn't hold back and would jump him immediately – maybe because most of the times Seto started their kisses. Luckily, Seto's rational thinking was still there and so he was jumped in the car instead of in front of all those people. He came the first time when they arrived at the mansion. As the driver stopped the car, Seto just swallowed his sperm and licked him clean, then pulled up his trousers and picked him up bride-style, taking him to their bedroom and kissing him silly. But as soon as they entered the mansion, Katsuya put his arms around Seto's neck and then somehow his legs around the other's hips, grinding their lower bodies together. He heard the brunet moan, then he was pressed against the wall, somewhere on the stairs on their way up. When they broke their kiss and panted heavily, Seto couldn't hold back and said what he always said before they had sex.

"I love you. Damn, I love you so much!"

Then he started to kiss Katsuya's neck, leaving a hickey here and there, pulling the other body even closer. And as always, Katsuya just hugged him and kissed the exposed neck, enjoying the warm feeling inside of him.

"Won't you answer me?"

"Huh?", Katsuya blinked as they separated a little.

"I said: Won't you answer me?"

"Answer what?"

"I told you that I love you. Won't you answer me?"

"I- You mean like 'Me, too' or something?"

"For example."

"Why are you asking me this now? I mean, we were in the middle of-"

"I know, but it is bothering me for a while now. You never said it, not even a 'Me, too'. I tell you this every day, for the last two years. And I heard you telling your friends how much you love them, so it can't be that you hesitate because you're embarrassed. So why? Why can't you say it?"

Katsuya was speechless and stunned and didn't know how to react. But that seemed to be the wrong reaction.

"Well, I think that we should stop here, I'll sleep in a guest room. Think about what you want to say."

He let go of the blond's ass, but still helped the other not to fall down. Then he let go of the body he loved so much and turned away, going up the stairs.

"Wait, Seto! Why are you so mad?"

"Because I tell you about my feeling every day but you never tell me how you feel! Yes, you kiss me and we have awesome sex and I know how you feel, but I'd like to hear it, just once. Every time I tell you that I love you, you kiss me and then seduce me. Of course it's great that I can manipulate you this way, but I'd like to hear an answer once in a while."

"Seto..."

"I know that I might sound unreasonable, but I'm Kaiba Seto, one of the most powerful people in the world. I have a big ego, I'm proud and strong and I'm really impatient. But I was patient with you because you're important to me. It's just that I'm at a point where I can't wait anymore. Please think about what you want to do and say, that's why I'll sleep in a guest room."

Then he turned away again and continued his way upstairs.

And when Seto woke up in the morning, he took a shower, dressed up and left the house, without seeing Katsuya or Mokuba. He still hadn't licked his feelings and didn't want to meet the two in this state because he would say something he didn't mean. Well, Mokuba knew about his spontaneous mood swings, but he haven't had any since he had a boyfriend, so the blond had never seen him this way.

When the limousine stopped in front of the mansion and the door was opened for him, he checked the lights that were on in there. The living room was lit, and his brother's room, too. So Katsuya was either in the living room or with Mokuba, because the light in their room was out. When he entered the mansion, he didn't make his presence felt to anyone by staying silent and went to the living room. The lights were on, but there was no one. So he just loosened his tie and sat down on the couch, leaning his head against the back, and closed his eyes, enjoying the silence.

He didn't realize how much time had passed when he suddenly felt a pair of hands on his shoulders that started massaging them. He just purred, knowing exactly who it

was.

"Bad day?"

"You bet"

They stayed silent for a moment, then the hands stopped massaging him and a few seconds later he felt a weight beside him. Then a head leaned on his shoulder, legs were placed on his lap and arms embraced his neck.

"I'm sorry."

"Katsuya..."

"Let me finish! I really didn't realize that I never told you those three words, it was so natural for me to know that I love you, so I never paid attention if I actually told you. You know that I'm an airhead sometimes, but at the moment, I'm really ashamed of this quality. I wanted to apologize to you for making you feel so insecure, I never meant to hurt you this way. You showed me how it feels to be loved, to be the only person for someone else. You invited me to live with you in this mansion, gave me a new home so my dad can be together with his girlfriend. As if that wasn't enough, you helped me to finish high school with excellent marks and got me a job to earn money for college. I can study what I always wanted and I'm so good at it that I already got some job offers – and I'm still in my third semester! You always believe in me and spur me on, thanks to you I was able to do so many things that I never believed I was able of, only because of your feelings for me. And I feel so bad for never giving you the same support."

Then Seto felt his head being moved and opened his eyes, to see honey colored ones looking right into his.

"I really, truly love you, Kaiba Seto! I love you so much that sometimes all this seems too good to be true. When I wake up and lie beside you, it all seems like a dream. For me, there never was anyone who could love me and stay with me for so long, I never believed that would be possible. And then you out of all people tell me that you love me, a man, beautiful and powerful, with money and looks that attracted so many people. And now, you still chose me, the plain dog from the slums of Domino. So I kiss you and seduce you when you tell me that you love me, because I want to thank you for loving me. And I always thought that by doing so I would show you how much I love you. I really didn't mean to hurt you, Seto. Can you forgive me when I tell you this: I love you more than I can handle and you make me the happiest man on this planet by telling me you love me, too."

And now it was Seto who turned words in action. He hugged the blond and hid his head in the other's neck, kissing the skin there tenderly.

"That's all I wanted to hear."

Katsuya hugged him back and they stayed this way for a while, all happenings of the evening before forgotten.
