### Kapitel 9: I miss you

Also dedicated to Mizuna ^\_\_^

I can't forget you  
This yearning hurts  
And this pain is terrible  
It breaks my heart and soul  
I'm counting the days,  
Until I'm with you again  
Just 12 days..  
But it'll be much more time after this  
That will have to pass until see you again...  
I wanna cry, but I can't  
This pain shall disappear!  
Damn shit!  
Feelings,  
Go to hell!!  
But they just tell me  
How much I love you...  
I wanna hear your voice  
I wanna touch your skin  
I wanna kiss your lips  
I wanna smell your hair  
I wanna see into your eyes  
And tell you  
That I love you so much  
That I would die and kill  
Just to see you at this moment...
