## Prolog: Prolog

Prolog

I see in the blue sky so far away.  
See the bright sun that shines so high.  
Deep in my heart I know that I'm lonely, I know that I've lost you  
But I don't want to add it.

I rove, I rove.

I don't want to believe it, don't want to believe that you're away. Don't want to believe it.  
But deep in my heart I know that, the pain tears me up.  
Lonely.. for ever..

I rove, I rove.

But the sorrow will never end. Why?

I go down on my knees. It hasn't a sense any more. I don't want even more.  
I try it, again and again, but the death turn me down. When I may not die and can not live.. how then?  
The wind in my pale face, are these tears on my cheek? How then?  
The sun disappear behind the trees - only shadows are left behind.  
Deep in my heart I know that there is no way out, but I don't give up.

I'll wait for the day when you get me.
